

“Tradition Hurricanes Excellence”  
**MANATEE HIGH SCHOOL**

**Commemorative Brick Order Form**

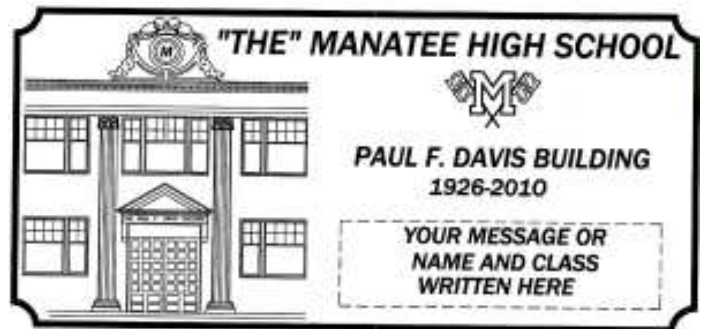

The Paul F. Davis Building at Manatee High School is being rebuilt. The original building was opened in 1926 and has provided an inspirational educational environment for generations of MHS Students. Many Alumni and former school faculty have expressed an interest in having a “piece of history” from the original Davis Building. In response, we have arranged to save a limited number of bricks from the building when it is demolished in January 2010.

The students in the MHS TSA club have the ability to place a small custom plaquard on bricks that are salvaged from the building during demolition. Each brick will commemorate the Davis Building, as well as provide 2 lines for customization. We recommend that you use these lines for your name(s) and alumni class, or for your business sponsorship / partnership with MHS. You will be contacted when the brick is ready for pick up. Bricks can be shipped to other locations within the Continental US for an additional fee.

Please review the sample provided below:
